NANO TECHNOLOGY IN THE FIELD OF MEDICAL SCIENCES

JANUARY 13TH 2016

Venue:

Pushpagiri College of Dental
Sciences

[Signature]
K. GEORGE VARGHESE
PRINCIPAL
Pushpagiri College of Dental Sciences

Breakthrough in Nanotechnology promise to revolutionize drugs manufacturing , drug delivery and medical diagnostics. By learning how substances behave differently at the individual cellular or particle level, researchers are beginning to unlock the vast medical potential of nanoscale material. Though much of this work is still in its early stages, Scientists at the University of Maryland's Nanotech centers are creating novel tools and developing new methods for crucial research area of drug synthesis, drug carriers, targeting technologies, toxicity reduction and materials optimization.

Speaker: **Dr. Harikrishna Varma P. R**

Scientist In Charge, Division of Bio Ceramics
Sree Chitra Tirunal Institute for Medical Sciences
& Technology, Thiruvananthapuram

Patron: His Grace Most. Rev. Dr. Thomas Mar Koorilos

Rev. Dr. Shaji Mathews Vazhayil

ADVANCED ROTARY ENDODONTICS

DR. NARASIMHAN BHARADWAJ | 10 FEBRUARY, 2018 | PERUMTHURUTHY

**R. NARASIMHAN
BHARADWAJ**

Prof. Dr. Narasimhan Bharadwaj is the Founder - Director of Access Dental Institute - Root Canal Center (Estd. 2001), which houses State of the Art Infrastructure and delivers Quality Dental Care in par with Global standards. Besides, the Institute offers comprehensive Hands-on Training Program in Endodontics to aspiring clinicians. Further, he is the Managing Trustee of Community Dental Clinic - Charitable Trust that is run primarily for the underprivileged with simultaneous clinical training to dentists. Presently designated as Professor Dept. of Conservative Dentistry at Sathyabama Univ. Dental College, Chennai, he graduated his BDS from the prestigious Govt. Dental College, Chennai and completed his Masters in Conservative Dentistry & Endodontics from Meenakshi Ammal Dental College, Chennai. He was a Gold Medalist and was conferred the Best Outgoing Post-graduate student award (2004), by the Federation of Operative Dentistry of India (FODI) & Indian Endodontic Society (IES). He has handled several complex and challenging Root Canal cases in his Root Canal Center successfully. Academically, he is an eminent speaker with over 150 Invited Guest Lecture Deliberations and presented about 13 original Scientific Papers in various State and National Conferences. He has won 6 Original Best Paper Awards at the National Level at various forums and has authored about 14 Indexed Publications to his credit.

ADVANCED ROTARY ENDODOTICS

Rotary Instrumentation has revolutionized the art & science of Endodontic Practice in the last decade with predictable success. The evolution in Nickel Titanium (NiTi) metallurgy in the form of M-Wire has enhanced the efficiency of Canal Preparation to the NEXT Level. This lecture coupled with hands-on highlights the following topics with a mission to achieve successful Endo Therapy:-

Topics Enlightened

- Pre-operative assessment in Endo Diagnosis.
- Access for Success, Orifice Location & Enhancement
- Precision in using Apex Locators.
- The NEXT Level in Rotary Glide Path, Canal
- Shaping & Obturation.
- Trouble Shooting in Endodontic Practice

SCHEDULE

Date: 10 Saturday, February, 2018
Venue: Auditorium, Pushpagiri College of Dental Sciences, Perumthuruthy

REGISTRATION FEES

Lecture: Interns: Rs 200/-,
Doctors, Staff & Post Graduates: Rs. 500/-
Hands-on: Interns: Rs. 3500/-
Doctors, Staff & Post Graduates: Rs. 4000/-
(inclusive of Lecture)

Lunch & Refreshments will be provided

SESSION DETAILS

8:45 am To 9:30 am - Official Function
9:30 am To 11:00 am - Lecture

PUSHPAGIRI GROUP OF INSTITUTIONS

Pushpagiri Group of Institutions comprises Pushpagiri Institute of Medical Sciences and Research Centre, Pushpagiri College of Dental Sciences, Pushpagiri College of Nursing, Pushpagiri College of Pharmacy, Pushpagiri College of Allied Sciences and Pushpagiri research centre (PRC). Pushpagiri research centre is a Scientific and Industrial Research Organization (SIRO) recognized by the Department of Scientific and Industrial Research (DSIR), Ministry of Science & Technology, Government of India. PRC offers a unique, pluralistic and open research culture that is supported by high-end infrastructure and instrument facilities. PRC has got PhD Programme Affiliations from Kerala University Health Allied Sciences (KUHS), Thrissur, Kerala. Various research schemes are funded by State & Central Government agencies like DST, DBT, ICMR, BRNS and International agencies like Bill and Melinda Gates Foundation.

The main theme of the seminar is "In vivo functionality and tissue environment of any implantable biomaterial". Biomaterials and implant devices are inevitable in the recent scenario of medicine including dentistry, orthopedics, surgery, cardiology, ophthalmology and dermatology. The conference is mainly highlighting the research and clinical ideas of experienced persons in the field of Biomaterial research and Animal experiments, that can be applied in modern medicine. A closing panel discussion with all speakers offer the participants of the programme a unique chance to explore and discuss the future of biomaterial science with the leaders of the field.

PROGRAMME SCHEDULE

DAY - I

09 - 09.45

Inauguration by

Hon. M.K.C. Nair

Hon. VC Kerala University of Health Sciences

Guest of Hour

Dr. Harikumar Nair

Dean-Research, Kerala University of Health Sciences

Session - I : 10.00 a.m. - 10.45 a.m.

Topic : Applications of Nanotechnology in Biomaterials

Speaker : Dr. Nandakumar Kalarikkal

• Asso.Prof & Head of Advanced Materials Laboratory,

School of Pure and Applied Physics.

• Hon:Director International and Inter University Centre for

Nanoscience and Nanotechnology.

• Senate Member M.G University Kottayam, Kerala.

Session - II : 10.45 a.m. - 11.30 a.m.

Topic : Recent Developments in Dental Restorative Composites

Speaker : Dr. P.P. Lizyol

Scientist E, Division Of Dental Products ,Sree Chitra Tirunal Institute For Medical Science And Technology, Trivandrum, [SCTIMST].

Session -III : 11.30 a.m. : 12.15 p.m.

Topic : Three Dimensional Cell Culture Systems: Advances in Cytocompatibility Evaluation

Speaker : Dr. Jotsna Joseph

Research Associate,Advanced Centre for Tissue Engineering

Department of Biochemistry,University of Kerala,

Thiruvananthapuram.

Session -IV : 12.15 p.m. : 01.15 p.m.

Topic : In vivo Models and Experimental Procedures for Evaluation of Biomaterials

Speaker : Dr. Sachin J. Shenoy

Scientist E, Division of In-Vivo Models and testing, Sree Chitra Tirunal Institute For Medical Science And Technology, Trivandrum (SCTIMST).

Lunch : 01.15 p.m. - 02-15 p.m.

Session - V : 02.15 p.m - 03.15 p.m.

Topic : Histopathologic Evaluation of Prosthetic / Orthodontic Implants in Animal Models

Speaker : Dr. Sabareeswaran A.

Scientist E, Department. Coordinator, Department of Applied Biology Sree Chitra Tirunal Institute For Medical Science And Technology ,Trivandrum (SCTIMST).

DAY - 2

Session - I : 09.00 a.m. - 10.00 a.m.

Topic : Ethics in Animal Experiments

Speaker : Dr. Santosh R. Pillai

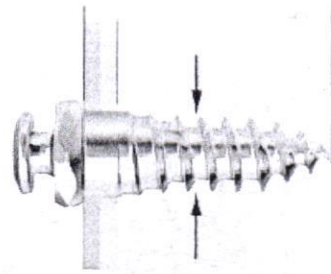

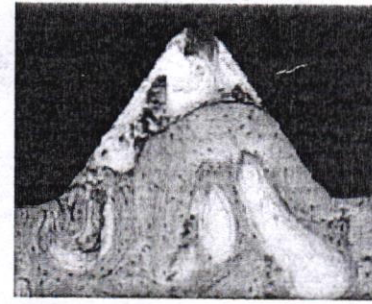

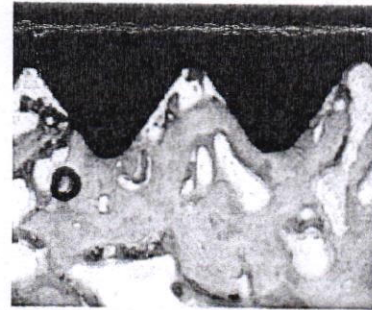

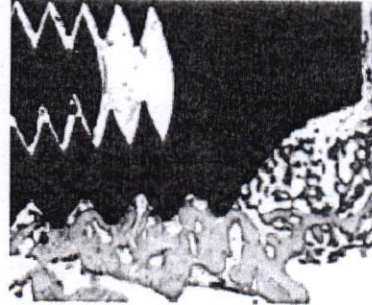

Professor and Head, Department of Pharmacology, Pushpagiri Institute of Medical Sciences

Session - II : 10.00 a.m. - 01.00 p.m.

Topic : Hands on Programme on Animal Handling

Speaker : Dr. Yogesh Bharat Dalvi

Research Coordinator & Scientist, Molecular Biology & Phytochemicals Research Lab, Pushpagiri Research Centre, Pushpagiri Institute of Medical Sciences, Thiruvalla

Patron :

His Grace Most Rev. Dr. Thomas Mar Koorilos
Metropolitan Archbishop of Thiruvalla Archdiocese

LINGUAL ORTHODONTICS

A Simplified Technique for Clinicians

**A 3 DAY COMPREHENSIVE
HANDS-ON WORKSHOP**

**18
CDE
POINTS**

Date: January 12th, 13th & 14th 2016

Venue: Pushpagiri College of Dental Sciences Auditorium

pushpagiriortho@gmail.com

DAY ONE

Jan 12th 2016 - 8:30 am to 5:00 pm

SESSION 01

Lecture 1:

Getting Oriented to Lingual Orthodontics
How different is

Lingual Orthodontics

Lecture 2:

Why Can't we do Direct Bonding in Lingual Orthodontics

Lecture 3:

Contemporary Lingual Laboratory Procedure

- HIRO System
 - Best System with TAD & BPD
 - Simplified Technique with LABH LINGUAL JIG
- Question & Answers

SESSION 02

Hands On:

- 1. Customisation of Bracket with**
 - HIRO System
 - Simplified Technique with Labh Lingual Jig (L J)
- 2. Transfer Tray Fabrication**

DAY TWO

Jan 13th 2016 - 8:30 am to 5:00 pm

SESSION 01

Lecture 1:

Comparative Biomechanics

Lecture 2:

Anchorage Consideration

Lecture 3:

Treatment Sequence

Question & Answers

SESSION 02

TYPODONT HANDS-ON

- Basic Lingual Arch Form
- Levelling & Initial Partial Canine Retraction
- For En Masse Retraction
- For Anterior Root Torque
- For Finishing
- Ligation Technique

DAY THREE

Jan 14th 2016 - 8:30 am to 3:00 pm

SESSION 01

Lecture 1:

Lingual Bracket System

Lecture 2:

Protocol for Extraction & Non Extraction Cases

Lecture 3:

Microimplant in Lingual Orthodontics

Lecture 4:

Case Discussion / Presentations
Question & Answers

SESSION 02

LIVE BONDING

COURSE HIGHLIGHTS

The three day workshop is systematically modulated with all hopes that at the end of the program, we expect our participants to start practicing Lingual Orthodontics with confidence in their respective clinical practices.

Step by step demonstration of clinical anc .boratory procedures on patient as well as on model, starting from impression making followed by lab setup, making of transfer tray, then indirect bonding on patient and arch wire ligation in detail.

Lingual laboratory set up by

2 Methods:

- Hiro System utilizing commonly used dental material in your own setup.
 - Simplified Technique Labh Lingual Jig (L J)
- Self Ligation in Lingual Orthodontics
- Complete wire bending exercise
- Comprehensive Pictorial Course Manual
- Laboratory and Technical Support in Future
