

Minutes of meeting on 19.6.24

The meeting started by 2.15 pm.

Dr. Sunil appreciated the DEU team coordinated by Dr. Subbalakshmi for the last two years. The two major programmes organized by DEU in 2024 included Faculty development programme in January and TELE 2024 in March.

As per the notification from KUHS, DEU is to be reconstituted as FDU.

Dr. Devadathan addressed regarding the upcoming KUHS FDP schedule in July 2024 and our programme could be planned accordingly.

He suggested to incorporate feedback forms from students regularly so that improvement in the class patterns can be achieved.

Dr. Sunil appreciated that more faculty members have come forward to join the FDU in the college.

Dr. Sunil told that the Bioethics Unit can be functioning as a separate unit and can collaborate with FDU in future programmes.

Because of the instructed limit in the number of members, it was decided to limit the number of FDU members to 8. If KUHS permits to expand the unit, others who have come forward may also be added.

As per the direction of KUHS notification, the FDU has been reconstituted..
